To Whom It May Concern,

Ryan Matta has worked for me and my family for well over 10 years. He has proven himself highly intelligent, efficient, imaginative and creative. He has been solely responsible for a 28-acre property with 7 separate buildings, the people working on it, an art collection and the running of an operation that included a film editing studio, a house with over 20 people living and working in it, a complex of numerous studios and guest houses and a group of people making films, traveling and entertaining guests occupied in various aspects of films and theater.

Ryan is a man of talent and discipline who works hard and well and can be depended on to take responsibility and to bring a creative and fertile imagination to his work.

I think highly of his talents which are in the area of film and graphics.

I unreservedly recommend Ryan as a creative and disciplined talent and worker, as well as being an enjoyable and likeable human being.

Sincerely,
